About Dixite

Founded in 1999 in Brussels, Dixite focuses on enterprise and web solutions based on open source. Dixite delivers a rich set of services and innovative solutions that maximizes the power and benefits of open source and open standards. Please refer to the [Dixite website](#) to learn more about Dixite.

Quality Policy

This *Quality Policy* is applicable to our staff and sub-contractors.

Quality eDge

Quality eDge is the Dixite quality management system, a highly disciplined process that helps us focus on developing and delivering quality solutions and services.

Quality Mission

Our primary goals are to:

- satisfy clients' business requirements while complying with quality standards;
- provide best-of-breed and cost effective solutions and services to our clients;
- build long term, trusted relationship with our clients.

Quality Activities

We strongly believe in *quality* and try to achieve *excellence* in everything we do. Therefore Dixite commits to:

1. train and coach our staff in order to understand and practice Quality eDge;
2. implement Quality eDge in our solutions and services and verify its correct application;
3. continuously monitor and improve Quality eDge as stipulated in the International Organization for Standardization (ISO)9001:2000 standard.

Board Commitment

We, Dixite board of directors, are committed to this policy and will act as an example role to make it a daily working reality.
